

Berkeley Earthquake Centered on Panoramic near U.C. Stadium

Dan McMenamin, Berkeley Daily Planet, 6-10-11

A small earthquake occurred in Berkeley this morning, according to the U.S. Geological Survey.

The 2.0-magnitude quake happened at 10:37 a.m. and was centered near Panoramic Way, just southeast of Memorial Stadium on the University of California at Berkeley campus, according to the USGS.

The USGS said the temblor had a depth of 6.3 miles.
