

# **Company authorized to increase trucking of quarried rock**

**Amador Ledger-Dispatch, 2-10-10**

Increased trucking of quarried rock over roadways in Amador County for up to a two-month period was authorized Tuesday by county supervisors.

On an emergency basis, extra rock from the South Arkansas-High Country Partners quarry site near Plymouth is slated for use in rebuilding a collapsed section of State Route 1 on California's coast. The quarry company is authorized to exceed its regular shipping limit by contracting up to 1,440 extra truck trips during the emergency period.
