

Prelab Exercise
October 30, 2019
Laboratory Lab 10 Geologic Maps & Structures
 (to be done **before lab!**...refer to lab schedule)

Instructor	Arthur Reed	Name	
Class	Geology 301, Physical Geology Lab	Date	
Time	MW 7:30pm – 8:50pm	Point value	5 pts

Answer the following question(s) **and turn-in at the beginning of lab.**

1. Draw an approximate ‘line of symmetry’ on the sketch below (known also as a ‘hinge line’ or ‘fold axis’ of the displayed geologic structure).
2. What is the name of the geologic structure indicated in this diagram (see fig 10.15 on page 279 in the lab manual for help).
